Employer: Ministry of Education, Abu Dhabi, United Arab Emirates

PERSONAL SKILLS

- System analysis, design and implementation through proper scheduling and efficient utilization of resources
- Research into various problems and systems and scrutiny into cause-effect relations, aiming at identifying root causes and methods for tackling and solving real problems
- Budgeting: For already established systems or for newly developed ones.
- Reporting: gained from combining academic "theoretical issues" with practical implementation and field work.
- Organization skills
- Communication and presentation skills: Involved in moderating almost all training workshops of the UNDP/RBAS higher education project (more than 24 in total) and delivering more than 15 conference and workshop presentations (local and regional) on QA issues.
